COMMUNICATION

Sir:

In response to the obviousness-type double patenting rejections, and the provisional obviousness-type double patenting rejections, of September 2, 2004, the Applicant files two terminal disclaimers herewith.

The Applicant also wishes to make the Examiner aware of U.S.S.N. 10/634,474, a copending Continuation Application claiming priority to the same parent as the present Application. The Applicant includes this Application in the terminal disclaimer filed herewith.

The Applicant agrees that the present claims 1, 3-12, 15, and 17 to 48 are patentable over the art of record, and in particular, art not present before the Examiner in the parent case such as JP 10-330412. Another English language translation of that document is attached again to ensure receipt by the Examiner, as only the Japanese publication ("Kokai") was published.

It is submitted that the case is in condition for allowance. The Applicant invites the Examiner to telephone the undersigned attorney if there are any other issues outstanding which have not been presented to the Examiner's satisfaction.

Respectfully submitted,

Kevin M. Faulkner
